Summer 2026 Graduate with hands-on experience testing and developing full-stack web & mobile applications seeking a software engineering role in the Front Range area.

Technical Skills

Languages: Bash, C, C#, C++, HTML/CSS, Java, PHP, Python, SQL, TypeScript

Tools & APIs: Angular, Flask, Git/GitHub, Linux, Maven, Node.js, React, Spring Boot, SSH, vim, VSCode

Testing: EvoSuite, JaCoCo, JUnit, Mockito, PIT/PITest, PMD/CPD, Randoop, SpotBugs

Experience

Colorado State University Fort Collins, CO

Undergraduate TA & Lead Undergraduate TA August 2024 – May 2026

- Collaborated in teams of 3-26 to develop and deliver instructional materials for CS courses in Python, Java, and web development languages with 50-250 students per semester.
- Creating and presenting recitation slides for 3+ sections while supporting students and the instructional team as the Lead UTA for the semester.

STEMblazers (formerly She's in Power) Fort Collins, CO

Spark (Intern) June 2023 – November 2023

- Building SQL queries to inspect incoming data for anomalies such as hardware failure or sensor failure.
- Designing data visualizations for over 8,000 data entries each month using Excel and Python libraries.

Front Range Community College Fort Collins, CO

IT Help Desk August 2022 – June 2023

- Evaluated and assigned 50+ tickets weekly by priority, resolving urgent issues within an hour and lower-priority requests within 4 hours.
- Assisted in-person and remote students, staff and faculty with requests from three locations and offered support for software, hardware, and related configurations.

Projects

- **Shortest Flight Path:** Built a RESTful API in Spring Boot that enables users to construct and optimize flight paths between global airports using a TSP algorithm with 2-opt iterative refinement.
- **Employee Management System:** Built a full-stack application with a React front-end and a Java/Maven backend to manage employee records and backed by a relational database within an Agile team of six.

Education

Colorado State University Fort Collins, CO

Bachelor of Computer Science *Spring 2024 – Summer 2026*

Front Range Community College Fort Collins, CO

Associate of Computer Science *Fall 2022 – Fall 2023*
